

How to Logon to eLumen

June 2015: You can now access eLumen by logging on to MyGateway on the Faculty page!

eLumen now uses Single Sign On (SSO) at MyGateway. Point your browser to MyGateway at mg.nocccd.edu

How to logon:

1. Logon at the Fullerton College homepage or point your browser to MyGateway at mg.nocccd.edu
2. Log in to MyGateway using your Banner or MyGateway ID and password
3. Click on the Faculty tab.
4. On the Faculty page, scroll down to the Elumen links and select one: Elumen(TEST) or Elumen (PROD)

Elumen (TEST) is used for practice and to explore. For the first time, I recommend logging into the practice site to get familiar with the software. However, all scores for official records are entered on the production site.

Enter all assessments scores on the live production site, Elumen(PROD).
