

Student Learning Outcomes Assessment Committee

Mission and Purpose

The mission of the SLOA Committee is to nurture a culture of improvement by facilitating student learning outcomes assessment methods across the institution; facilitating ongoing collegiality; and promoting self-reflective dialogue. The purpose of assessing student outcomes is to improve teaching, learning, and academic advising at the individual, course, program, and institutional level. The SLOA Committee will develop and recommend the campus-wide process for the implementation and assessment of SLOs at the course, program, and institutional level. A College Coordinator is responsible for chairing the committee and in concert with the Vice President, Instruction overseeing that the functions of the SLOA Committee are met. Through their division representatives, the SLOA Committee supports faculty in SLO development, assessment, analysis of data, and the promotion of reflective dialog that drives the use of assessment data to support improvement of student learning.
